The teachers cannot be forgotten in this occasion. Their consistent hard work in shaping the students have paved the way to victory. They stood as the anchors for the students and guided them like guiding stars by sacrificing their time. Giving no heed to time, the teachers toiled and moiled hard and succeeded in bringing out the best in students. Hence, undoubtedly the credit goes to the teachers as well.

All things are possible for those who believe. And our students not only believed and dreamt, but also took a step ahead and gave life to their dreams by creating history for another time.

Hearty Congratulations to all the Shepherdians!!
