## Students hold mock UN General Assembly

Staff Reporter

**COIMBATORE:** About 600 students of Good Shepherd International School near Udhagamandalam in The Nilgiris took part in the three-day mock United Nations (UN) General Assembly recently.

The theme for this year's event was 'Responsible Vision, Action and Governance for Peace and Planet', with focus on resolving migrant and refugee crisis.

Students were made to represent various countries in

different wings of the UN General Assembly as 'Presidents' and 'Prime Ministers'.

The forum provided opportunity for students to think and discuss about global problems and come out with solutions.

Director of Activities of the school Ajith Jacob said that

the mock UN council serves as a platform to look into the issues, understand current affair and exercise their public speaking skills to come out with solutions, without undergoing a conflict mode.

Parallel sessions of various forums of the United Nations were also conducted.
