## Ooty school holds model 'UN' session

Maroof Raza took part in one of the sessions and interacted with the students at the 'General Assembly' on Saturday

**Coimbatore:** While the United Nations is gearing up for their United Nations Sustainable Development Summit in New York from September 25 to 27, the Good Shepherd International School in Udthagamanandalam organized a Model United Nations session-2015 which concluded on Sunday. The four-day session focused on the theme - Responsible vision, action and governance for peace and planet (Resolving Migrant and refugee crises).

Maroof Raza, consultant and strategic affairs advisor to Times Now, also took part in one of the sessions and interacted with the students at the general assembly on Saturday where he spoke on - Global tensions and its impact on India. He enlightened the congregation about the possible threats India faces from its rival nations, especially its neighbours. Elaborating on how Pakistan could be an unavoidable threat to the nation, Raza exposed how Pakistan continues to buy weapons to compete with its peaceful neighbour; totally oblivious that India is an IT superpower.
