## Ooty Good Shepherd School celebrates Founder's Day

Ooty, Oct 17-

It is gratifying to note that Good Shepherd International School has churned out more than 50,000 students who reached dizzy heights in their chosen domain both within the country and abroad, said Vice Admiral Srikant, Inspector General Nuclear Safety, Intergrated Headquarters, Ministry of Defence (Navy).

He was addressing the students during the 72nd birthday celebrations of founder principal of Good Shepherd International School Dr P C Thomas held at the campus when he recalled his student days at his alma mater. Not just educating the students, the school, he said that developed the skillset of the students to become leaders in their career. Good Shepherd International School has crossed a milestone in making the students leave the portals of the education in flying colours besides getting the leadership qualities, Srikant said adding that the students should adhere to the motto of the school— Truth, Trust and Triumph so that they would make a worthy citizen after their course before taking a promising career. Expressing happiness that Dr P C Thomas's birthday happens to coincide with former President of India Dr APJ Abdul Kalam, he urged the students to work with a vision to realise the dream of 'Missile of Man of India' since he was very much concerned about students wherein he spent most of his time interacting with students and youth visiting schools and colleges. Complimenting Dr P C Thomas for his untiring efforts in focusing in all aspects including academic and co-curricular activities, he said that

this great institution has been nurturing the values, ethics, leadership, traditions and culture among the children. Speaking about parents role, he said that they should spend more time with their wards when they spend their vacations at their homes. Family

bonding and togetherness would definitely ensure psychological well-being and development of the children.

Moreover, it would also ensure that they seldom feel home-sick which would in turn help in their progress of their education.

In conclusion, he urged the parents, teachers and students to collectively take forward the vision, dreams and goals of the founder principal Dr Thomas and make this global institution reach great heights in the years to come.
