## INTRODUCTION

Nesting cozily in the lap of the majestic Nilgiri mountain range, Ooty is a picturesque little resort of breathtaking beauty. The ambience is heavenly. Surrounded on all sides by tall silver oaks, eucalyptus trees and splendid green terraced tea gardens, the air is pure and healthy. Small picture-post card cottages dot the landscape and in the lush green meadows, cattle graze peacefully. A veritable paradise on earth.

It is in this idyllic paradise that the Good Shepherd Finishing School is located. Founded by Dr. P.C. Thomas, as an extension to the Good Shepherd International School, the Finishing School is truly unique for it is the only one of its kind in the country. The atmosphere is both academic and enlightening.

The objective of this course is to increase the participant's self-confidence and self-esteem and develop basic life skills through techniques that will enhance them as individuals.

## WHAT IS A FINISHING SCHOOL?

It is essentially a European concept but very much relevant in the modern Indian milieu. The woman of today is not just an extension of her male counterpart but an individual in her own right.

After an education where she learns to match her wits with her intellectual peers, she finds herself deficient in certain social graces, which will enable her to walk shoulder to shoulder with the best of people.

At Good Shepherd Finishing School, we equip her with those qualities, which will make her a woman of substance. Our motto is **"Give us a girl and take back a lady"**. A Finishing School is a chrysalis out of which she will emerge a truly accomplished lady, well versed in all the social skills - ready to face and conquer the world.
