

IGCSE Result 2012

“ Vision without action is merely a dream. Action without vision just passes the time. Vision with action can change the world” – Joel Barker

We beat the records again!!!

It is this vision that has come true with the declaration of the IGCSE results. A total number of 60 students appeared for the IGCSE Board Examinations 2011-2012. Out of the 60 students who appeared for the examinations 18 students passed with distinction and 32 students achieved a merit.

The students who topped believed in the recipe of success as said by William A. Ward “Study while others are sleeping; work while others are loafing; prepare while others are playing; and dream while others are wishing”. They set a goal and aimed to achieve that goal. They realized that success is the total of small efforts that is repeated continuously.

The topper in the Science batch is Taran Arjun who secured all 8*s followed by Saurabh Tushar Deore and Nidesh Muralidharan both of whom secured 7A*s and 1A. Three of the other students Alham Kanchwala, Marisa Tiwitsirikul, Suphawan Khanijou also scored 7A*s in the examination.

In the Commerce batch the first place was held by Prerana Nandamuri who scored 5As and 3Bs, followed by Aditi Cheryl Sobti securing 1A*, 4 As, 2Bs and 1c. The third position was secured by Aditya Vardhan Goyal who secured 3A*s, 1A, 2B,1C and 1D.

The result truly depicts the working of an institution, it presents the hard work and the dedication depicted by the teachers to achieve the target set by them. We do not put in hours into work, but yes, we do put in work into hours. The result showcases the incessant practice and the guidance given to each student individually by the teachers. It gives the message that working together is success and it truly is! Our students not only believed in themselves but also set themselves to action. On this occasion of joy we also render our heartfelt gratitude to all the parents who believed in us and trusted us. Without your constant support the task would have been impossible to achieve. However, the blessings from the Almighty who provided us with an opportunity to be His instruments cannot be forgotten.

This is just the beginning, and there is more to achieve in the days to come!
