

IBDP RESULTS 2016

WE BRING OUT THE BEST!

The results of the IB batch of May 2016 of Good Shepherd International School have gratified us. The school takes immense pride in this batch that raised the bar for themselves with the help of the school and her teachers and scored marks far above those expected or predicted.

Neither did our high achieving students nor the low-achieving students deny the importance of learning and withhold the effort it required in order to avoid the stigma of having tried and failed. Of the 57 who took the examination this year, they marked an average score of 2 points on 3 in the core subjects (Extended Essay and Theory of Knowledge). We had three students who scored 41 points and more than two- third of them scored above 30 points taking our average diploma score to 35 points out of 45 which is far above the world average. There were 23 7s taking all the subjects into consideration. As **Colin Powell** rightly put it “A dream doesn’t become reality through magic; it takes sweat, determination and hard work.” Both students and teachers had burnt the midnight oil to produce their best. Now most of them are preparing to fly to good universities abroad, to the US, the UK, Singapore and Australia to fulfill the dreams that were born and nurtured here. We wish all of them, both in India and abroad, all the best!
